

NOOR ARCH

FACADE | GLASS | ALUMINIUM

شركة أرج النور لأنظمة الواجهات الحديثة وأعمال الزجاج والألمنيوم

WWW.NOORARCH.COM

SINCE 2012

When we started this business in 2012 we were still looking to develop and provide the best to our customers, by finding all the solutions available in the work of gladding and curtain wall.

The content of our work is to design and present proposals for the packaging of building facades of all materials: glass- marble - aluminum - wood - ceramic, and the work is within a structure that connects mechanically by sections and accessories made of steel, and aluminum that we manufacture.

We have installed more than one million square meters of all the materials we work in.

It is possible to receive a project and start the necessary designs and calculate the required materials and process and send them to the sites and we are ready to provide all services from installation, processing and design of any work related to the design of the facades of the buildings.

We are always looking forward through the vision of Engineer Fadhil, who started this work, to constantly develop and keep up with the world with all the new.

عندما بدأنا هذا العمل في عام 2012 كنا ومازلنا نتطلع الى التطوير وتقديم افضل ما لدينا الى زبائننا الكرام , وذلك من خلال ايجاد جميع الحلول المتوفرة في اعمال اكساء الواجهات. مضمون عملنا هو ان نقوم بتصميم وتقديم مقترحات لتغليف واجهات البنايات من كافة المواد : الزجاج - الرخام - الالمنيوم - الخشب - السيراميك , ويكون العمل ضمن هيكل يربط ميكانيكيا بواسطة مقاطع واكسسوارات مصنوعة من الفولاذ والستل ستيل والالمنيوم التي نقوم بتصنيعها. قمنا بتركيب اكثر من مليون متر مربع من جميع المواد التي نعمل بها. من الممكن ان نقوم باستلام مشروع والبدء بالتصاميم اللازمة والحسابات الانشائية الخاصة بالواجهات والزجاج والالمنيوم وحساب المواد المطلوبة وتجهيزها وارسالها الى المواقع ونحن مستعدون لتقديم جميع الخدمات من تركيب وتجهيز وتصميم اي عمل متعلق باكساء واجهات البنايات. ونحن نتطلع دوما من خلال رؤية المهندس فاضل والذي بدء بهذا العمل , الى التطور الدائم ومواكبة العالم بكل جديد.

الجهات المستفيدة من الاعمال المنفذة من قبلنا:

- مشاريع مع رئاسة الوزراء
- مشاريع مع وزارة الدفاع
- مشاريع مع وزارة النفط
- مشاريع مع جهاز المخابرات العراقي
- مشاريع مع مصرف الرافدين
- مشاريع مع مصرف اشور
- مشاريع مع جامعة التراث
- مشاريع مع جامعة الصدر
- مشاريع مع شركة توزيع المنتجات النفطية
- مشاريع مع مطار بغداد الدولي
- مشاريع مع هيئة استثمار بغداد
- السفارة التركية في بغداد جميع مراكز السفارة
- مشاريع مع وزارة الصحة
- اعمال الواجبات الخارجية مستشفى السفير بغداد
- اعمال الواجبات الخارجية مستشفى البصرة
- اعمال الواجبات الخارجية مستشفى الماس بغداد
- اعمال الواجبات الخارجية مستشفى السيد شريف البصرة
- اعمال الواجبات الخارجية مشروع بروج السكني بغداد
- اعمال الواجبات الخارجية مشروع ابراج ميلينيوم بغداد
- اعمال الواجبات الخارجية مستشفى جنة للعيون بغداد
- اعمال الواجبات الخارجية مستشفى البنوك بغداد
- اعمال الواجبات الخارجية مصرف الوركاء بغداد
- اعمال الواجبات الخارجية فندق برج الامارة كربلاء
- اعمال الواجبات الخارجية فندق فيروز كربلاء
- اعمال الواجبات الخارجية مبنى مركز مبيعات مدن المنصور بغداد
- اعمال الواجبات الخارجية مبنى مركز مبيعات رملة مجمع ميلينيوم بغداد
- اعمال الواجبات الخارجية كازينو ريحانة بغداد
- اعمال الواجبات الخارجية مول كربلاء حي الحسين كربلاء
- اعمال الواجبات الخارجية مول الدرة كربلاء
- اعمال الواجبات الخارجية بناية شركة القاسم للاثاث
- اعمال الواجبات الخارجية شركة بيلسان التجارية بغداد
- اعمال الواجبات الخارجية بناية اعمال المنصور بغداد
- اعمال الواجبات الخارجية بناية الساجي وكيل تويوتا بغداد
- اعمال الواجبات الخارجية معرض سيارات هونداي بغداد
- اعمال متنوعة في بغداد والمحافظات كافة نفذ من قبلنا اكثر من
- الف مشروع خلال اربعة عشر سنة كنا متميزون في اعمال اكساء
- الواجبات الخارجية وكافة اعمال الالمنيوم والحديد والزجاج

SERVICES

CURTAIN WALL

CURTAIN WALL

Product Features

- Material: aluminum
- Finish: powder coated
- 110~250mm system depths
- 50 mm width / 50 mm ~ 300 mm length
- 5 mm U bracket galvanized
- Glazing: 10-45 mm single or double or triple
- Field glazed
- U-Value:1.1w(m2k)
- Solar factor: 15%~35%
- U-Factor:1.6~4.0
- Excellent wind load resistance performance/water-tightness performance/air permeability performance
- Life Cycle : 50 Years

SERVICES

SKYLIGHT

SKYLIGHT

Product Features

- Material: aluminum
- Finish: powder coated
- 110~240mm system depths
- Capped/semi-capped/non-capped available
- Glazing: 10-32 mm
- Excellent wind load resistance performance/water-tightness performance/air permeability performance
- U-Factor:1.6~4.0
- Accommodates various windows and doors
- Faster installation, reduced field labor
- Life Cycle : 50 Years

SERVICES

GLASS ANTI BULLETS

Glass Anti Bullets

Product Features

- Material: Glass
- Frame : Aluminum with high thickness
- Infill : 24 -79 mm (laminated glass)
- Infill Total : 250 – 500 mm
- Anti-light and medium weapons and explosions
- Field glazed fixed
- Excellent wind load resistance
- performance/security performance/ durability performance
- Interior & exterior applications

SERVICES

Spider glass

Spider glass Product Features

- Material: stainless steel 304
- Finish: powder coated or PVDF
- 110~240mm system depths
- Capped/semi-capped/non-capped available
- Glazing: 10 -32 mm
- Excellent wind load resistance performance/water-tightness performance/air permeability performance
- Accommodates various doors
- Faster installation, reduced field labor
- Life Cycle : 30 Years

SERVICES

THERMAL BREAK SERIES

"BREATH EASY WITH
ZERO SIGHTLINE VENT"

THERMAL BREAK SERIES

Product Features

- Material: aluminum
- Finish: powder coated
- 110~150mm system depth
- Infill: 5-32mm
- Field glazed or shop glazed
- Double thermal barrier
- Excellent wind load resistance performance/water-tightness performance/air permeability performance
- U-Factor:1.6~3.4
- Life Cycle(sash) :at least 10000 Cycles
- Screen available
- Up to 3 track
- allow for full top to bottom ventilation

"EUROPEAN-STYLE"

THERMAL BREAK WINDOW Product Features

- Material: aluminum
- Finish: powder coated
- 70mm system depths/90mm sightline
- Infill: 5-32mm
- Field glazed or shop glazed
- Excellent wind load resistance performance/water-tightness performance/air permeability performance
- U-Factor:2.1~4.0
- Life Cycle(sash) :10000 Cycles
- Screen available
- Hardware: Equipped with heavy duty stainless steel four-bar hinge allowing a 75 degree opening of sash
- Warranty: 20 Year Limited Warranty

HINGED DOOR

HINGED DOOR

- Material: aluminum
- Finish: powder coated
- 50~100mm system depth(frame)
- Infill: 5-32mm
- Double thermal barrier available
- Field glazed or shop glazed
- Excellent wind load resistance performance/water-tightness performance/air permeability performance
- U-Factor:1.6~4.0
- Life Cycle(sash) :at least 100000 Cycles
- An ideal way to have easy access to the garden, terrace, patio or covered relaxation area
- Up to 2.7m tall and 0.9m wide(single door)
- Warranty: 20 Year Limited Warranty

SUSTAINABILITY

HELPING TO BUILD A GREENER WORLD

The environment, and our impact on it, is of vital importance to us all. At noor arch we use our values to build financial success and meet our social responsibilities together.

01

SUSTAINABLE BUILDING MATERIAL

Aluminium is one of the best materials available in terms of sustainability. Aside from its practical and energy-saving advantages in construction, it can be recycled repeatedly.

02

DESIGN

We are designing exteriors in line with the environment surrounding the project.

03

INSTALLATION

We do installation work as high as possible in order to get the highest level of safety as well as good work.
